

Create a locations page/areas we service page on your website and list all your locations. These locations will be clickable to individual location pages (see example step two)

	Our Lo	cations	3		
	Areas V Parramatta Location 2 Location 3 Location 4	Ve Servic Location 5 Location 6 Location 7 Location 8	ES Location 9 Location 10 Location 11 Location 12	Location 13 Location 14 Location 15 Location 16	

Within each individual location page we can also add specific local services pages that will be clickable to there own landing page.

## **STEP 3**

Creating highly relevant landing pages specific to targeted keywords, along with an offsite strategy, will result in landing pages ranking on Google.
